

CALL FOR ABSTRACTS

The Canadian Airfield Pavement Technical Group (CAPTG) is now organizing the technical track for the 2013 Summer Winter Integrated Field Technologies (SWIFT) Conference to be held in Ottawa, Ontario from September 9-12, 2013.

The purpose of the Call for Abstracts is to solicit abstracts for the technical track presentations held during the SWIFT Conference. The abstract (maximum length of 250 words) can be submitted to abstracts@captg.ca. By submitting an abstract, the author is committing to make appropriate arrangements to deliver a presentation during the 2013 SWIFT Conference.

Previous presentations are available through the CAPTG Library www.captg.ca/library/ under CAPTG/SWIFT Conference Presentations.

Upcoming Events/Deadlines

Call for Abstracts	November 12, 2012
Abstract Submission Deadline	February 1, 2013
Abstract Review by CAPTG	February 4 – March 31, 2013
CAPTG Planning Meeting	February 6 – 7, 2013 (Winnipeg, MB)
Acceptance or rejection notification	Sent out as of April 1, 2013
CAPTG Workshop	September 9, 2013 (Ottawa, ON)
SWIFT Conference	September 9 – 12, 2013 (Ottawa, ON)

What are we looking for?

- Topics related to the design, construction, operation and maintenance of airfield pavements
- Canadian airfield case studies
- Lessons learned
- Current and emerging airfield pavement technologies
- State-of-the-Practice and Sustainability

CAPTG Workshop

In addition to the technical track, CAPTG is also hosting a workshop on Monday, September 9, 2013. Registration will be \$185. More information regarding the workshop, including topics and location, will be made available on the CAPTG website www.captg.ca in April 2013. At this time, abstracts will not be considered for the CAPTG Workshop.
